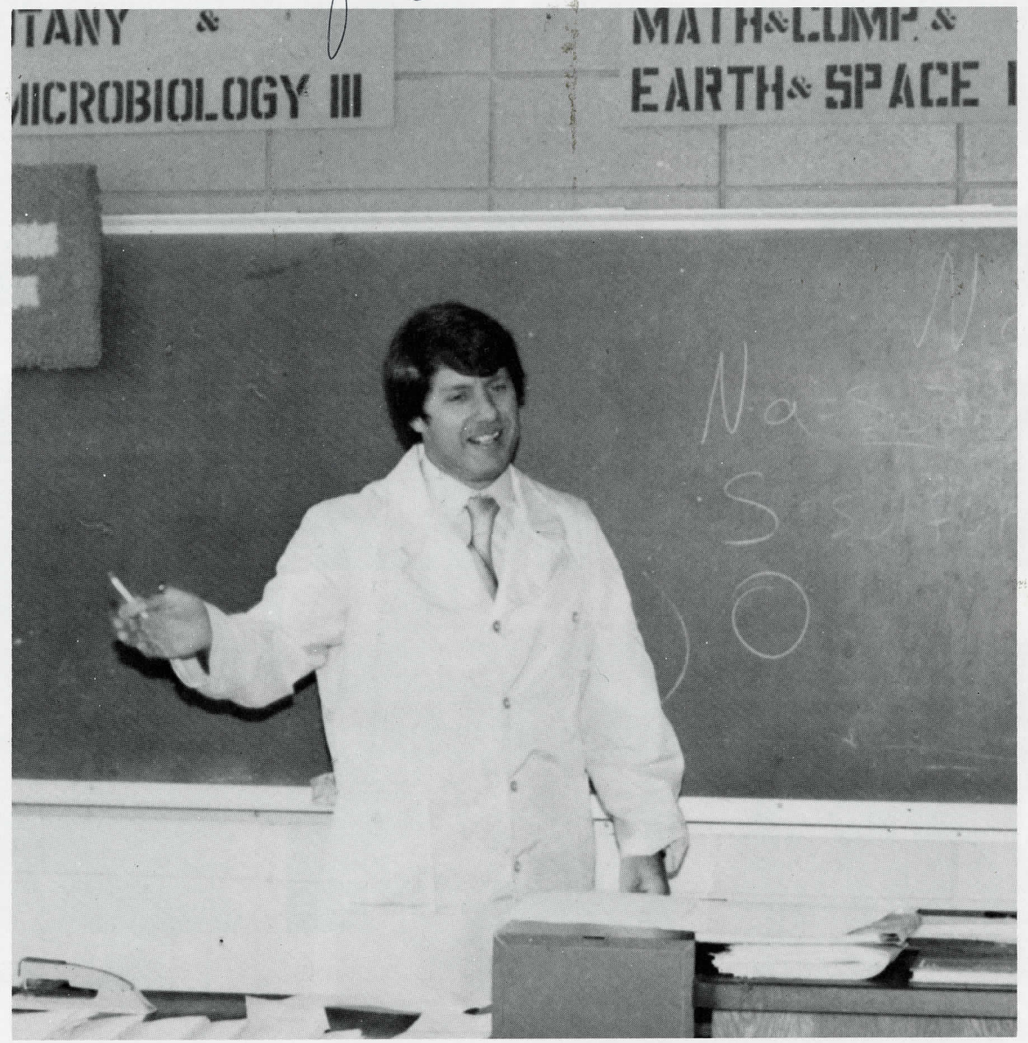
James Shaidnagle
"62"



It is difficult for a junior high school teacher to capitalize on humorous situations to promote learning in his classes. James Shaidnagle is one of those rare teachers who has been capable of making learning both profitable and fun. He is noted throughout school for the "corny" jokes he tells to keep his students' attention and his classes interesting. Mr. Shaidnagle is concerned with students' achievement in his classes and goes out of his way to insure their achieving to their utmost abilities. His concern for youth does not stop at school. For the past three summers, Mr. Shaidnagle has been the Camp Director of Davis Bayou Youth Conservation Corps in Ocean Springs. Mr. Shaidnagle was not only instrumental in setting up a science fair at our school, he also provided help in setting up science fair programs at other schools. Because you have brightened the lives of all those with whom you have come in contact, we the annual staff dedicate the 1979 GATORS' PRINTS to you, Mr. James Shaidnagle.
